Public Interest Law Centre

The Public Interest Law Centre specialises in Public Law and Actions against Public Authorities. We challenge the legality of decisions, actions, failures and policies on our clients' behalf.

The Public Interest Law Centre took the Home Office to court in 2017 and ended operations that saw Immigration Enforcement arrest and deport European people who were sleeping rough.

We have expanded our work to monitor and defend the rights of European nationals who are homeless, at risk of homelessness or vulnerably housed.

We can help you with:

- **Settled Status applications and info on forthcoming changes**
- **Compensation claims against Home Office for unlawful detention**
- **Welfare and Housing rights legal challenges**
- **Economic and Social rights during Brexit**
- **NHS Charging for European nationals**

public law | human rights | legal action

The Public Interest Law Centre works in collaboration with Lambeth Law Centre. We are affiliated to the Law Centres Network.
